**Full-stack web developer with experience in event planning, bookkeeping, and non-profit work.**

## CORE SKILLS

Javascript • jQuery • CSS • HTML • Ruby • Rails • SQL  
MongoDB • Mongoose • Node • Ember.js • Bootstrap • Handlebars  
Large-Scale Event Planning • Public Outreach and PR • Inventory Management

## PROFESSIONAL EXPERIENCE

### Web Development Graduate, General Assembly

**2018**

Completed an immersive 12 week, 500+ hour course in web development, producing 4 projects with quick turnaround times (~1 week each). Projects include:

#### Solo Project: Cookie Tracker

A full-stack project created for use with my non-profit work with Cookie Brigade. Front end built with HTML, Bootstrap, CSS, Javascript, jQuery, and AJAX. Back end built using PostgreSQL and Ruby on Rails.

[Front end repo on GitHub.](#)

#### Group Project: Sserpdrow

A group project, giving me experience in scrum and side-by-side coding. Front end built with HTML, Bootstrap, Handlebars, CSS, Javascript, jQuery, and AJAX. Back end built using Ember.js, MongoDB, and Mongoose. [Front end repo on GitHub.](#)

### Lead Event Organizer/Treasurer, Cookie Brigade

**2010-present**

Assists in planning 4 large and several small fundraising events each year, keeping volunteers engaged year-round through mass emails and forum posts, and managing a budget of over \$100k. During events, responsible for delivery logistics for merchandise, real-time social media interaction, coordinating logistics for 20-40 onsite volunteers, reporting and reconciliation of donations often in excess of \$20k.

### Front End Supervisor & Bookkeeper, Star Market

**2013-2018**

Responsible for operation and supervision of checkout department and customer service desk, including scheduling cashiers, bookkeeping, and reporting.

### Owner and Seamstress, Rapunzel's Tower

**2006-present**

Sole proprietor of a sewing/knitting business specializing in handmade items both ready to purchase and made to order.
